

U. S., British Economic Trade Merger Talked

SAN FRANCISCO (AP)—The president of Great Britain's Board of Trade has called for a sort of economic merger of the United States, the British Commonwealth and Western Europe to halt communist economic expansion.

Sir David Eccles, a British Cabinet member, told the British-American Chamber of Commerce and Trade Center, the San Francisco World Trade Assn. and the World Affairs Council of Northern California yesterday.

"Before there are 200 million Americans in the 40 states of your incomparable union, there will be 1,000 million communists between the European Iron Curtain and the shores of the Pacific, and it seems likely that the Russians and Chinese will in proportion to their numbers have studied science and technology."

"The United States as the senior partner in something like an economic merger with the British Commonwealth and Western Europe could confidently outstrip the 1,000 million Sino-Soviets."

Sir David proposed a three point program:

"First, we must devote whatever resources are needed to make the system of education in our countries better than anything they have in Russia or China."

"Second, the English-speaking peoples must combine together to make the English language the world language. We have a chance to do that now since English is for the time being the only vehicle for science and knowhow the world over."

"Thirdly, and this is my particular side of the problem, I am convinced that the advanced countries must accept freer trade in industrial goods."

Retailers to Study Ideas on Advertising

NEW YORK (AP)—Now ideas on how merchants can better advertise their goods will keynote the country's biggest retailer gathering of the year—the annual convention of the National Retail Dry Goods Assn.

Five thousand retailers from all parts of the nation will be on hand Monday morning for a demonstration of run of press—ROP—color in advertising. This will be followed by a session on "Art and Business in the Modern World," presented by the "Museum of Modern Art."

All this fits in with the convention's theme, "Changing Concepts and New Opportunities in Retailing." The gathering in the Hotel Statler runs through Thursday, Jan. 9.

NRDGA officials are placing special emphasis on the opening session on ROP color advertising. This means color ads printed in the main sections of regular run of the newspaper, as opposed to the rotogravure or comic sections. ROP ads can be printed in a continuous process, without stopping the press run.

Says Farmers Lost Faith in Benson

WASHINGTON (AP)—Sen. Thye (R-Minn.) said today farmers generally believe Secretary of Agriculture Benson definitely has not represented them as well as they had hoped he would.

Thye, announced plans to fight Benson's proposed April 1 cut in dairy price supports, told reporters he is concerned about effects Benson's farm policies may have on Republican chances in the congressional elections next November. Thye will be up for reelection then.

Thye said he will offer a bill designed to block Benson's announced plan to cut price supports for manufactured milk and butter.

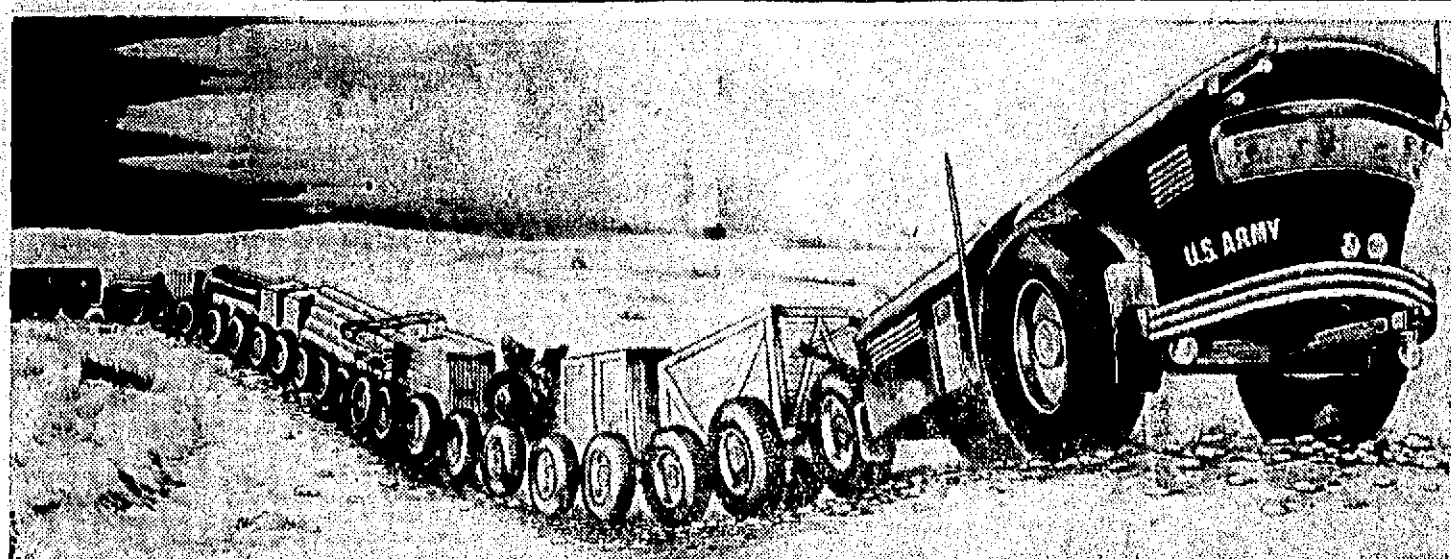

Thye said he will offer along with it a measure to boost the commercial corn acreage allotment from its present level of 27 million acres to 36 million acres.

Norrell Favors Big Defense Increase

WASHINGTON (AP)—Rep. Norrell (R-Ark.), member of the House Appropriations Committee, said today he will support a big defense appropriations bill this year.

"We'll have to remain strong," said Norrell.

The Arkansas said that in respect, it now is obvious the United States should not have cut back its defenses after World War II.

ATOMIC CATERPILLAR—Shown in an artist's sketch is a nuclear-powered overland carrier now under study by the U. S. Army Transportation Corps. As envisioned by the Army, the train would carry an atomic-powered electrical generator

at its tail and from which energy would be supplied to electric motors built into each wheel. Without benefit of roads, the carrier could haul 150 tons of cargo over cross-country terrain at speeds up to 20 miles an hour.

Hoffa Group to Ignore ICC Ruling

DETROIT (AP)—James R. Hoffa, president-elect of the Teamsters Union, said today Teamster locals have been instructed to demand inclusion of "hot cargo clauses" in contracts, despite an Interstate Commerce Commission ruling against them.

Hoffa told a reporter: "Our lawyers say the commission ruling is subject to a court case and we have instructed them (local unions) to continue the clause until the courts have tested the ruling."

The so-called "hot cargo clause" permits Teamsters to refuse to handle cargo from any firm involved in a labor dispute with their union. It also permits them to refuse to cross picket lines where strikes are in progress.

The ICC ruled in mid-December that "a common carrier may not bargain away its obligations to the public and thereby relieve itself of such obligations" by signing contracts with hot cargo clauses.

The ICC said that such clauses made its regulations "subject to indirect control by labor organizations."

Thinks Civil Rights Group to Get Along

WASHINGTON (AP)—Dr. John A. Hannah, president of Michigan State University, who is chairman of the new federal Civil Rights Commission, told reporters today he thinks the members of the commission will get along well and come up with conclusions agreeable to everyone.

He said President Eisenhower had signed a letter today providing \$200,000 from the presidential emergency fund to finance the commission operations at the start.

Eisenhower, Hannah told a news conference, also assured the commission of the cooperation of his office and indicated he was pleased to have the commission start functioning.

Three Southerners and three Northerners serve on the commission. One of the Northerners is a Negro. Hannah was asked how he thought the three Northerners and three Southerners would get along.

"I think very well," the chairman replied. "I think they are all able men. It is my expectation we are not only going to get along well but that we will come to conclusions that are agreeable all the way around."

Hannah told reporters his own feeling is that the selection of a staff director, who will manage commission affairs, is the most important decision to make.

Electrical Firm 'Adopts' Youth

KANSAS CITY (AP)—An 11-year-old Serrano, Ill., boy with an incredibly wide knowledge of electronics was "adopted" today by a Kansas City electrical supply firm.

From now until he is out of high school he will receive a 25 per cent discount on catalogue prices from the Burslein-Appleby Co.

The ironic angle is that the boy, David Juchene, was \$32,000 on a television quiz program last summer. But he can't spend it because it is being held in trust.

The company acted after it received a letter from David's mother, Mrs. Lawrence Juchene, asking for a discount on some parts he wanted to build a model elevator to exhibit at science fairs.

Mrs. Juchene explained that her husband is a school teacher at Serrano and the pay in a small school doesn't permit us to get the needed materials for David.

MILK SLICER—"One hunk of milk coming up!" That's probably the order being served, or rather sawed off, by Sergeant Major D. E. Delisle at the Canadian Army's far-away station at Fort Churchill, Manitoba, Canada. The milk is quick frozen at 45 degrees below zero and then sent to Fort Churchill by refrigerator cars. Thawed for a few days at room temperature, the cow juice tastes as fresh as if it had just come from dairy.

A Club Without a Name Has Existed in Hope 36 Years

By MARY ANITA LASTER

Shakespeare is often quoted in regard to "what's in a name?" But here is another question. What is in NO name.

The answer is "Fun and good Fellowship," if it's No Name spelled backwards, say members of the Emanuel Bridge Club. Hope's oldest bridge club has been in existence for thirty six years.

After the club was organized, some of the members heard about a bridge club in Shreveport which was named "Emanuel," and it was decided to use the same title in Hope.

The group meets each Friday night for dinner as well as Bridge. The entire meeting was formerly held in the members' homes, but at the ladies' suggestion, they now "eat out" and go to a home for their weekly game.

Wanting to do good for others as well as themselves, at two different periods of time the Emanuel Club has given financial support to a war orphan through "Foster Parents, Inc." One child was a boy in Holland, and the other is now an adult Frenchman.

Naturally, the membership has changed in three dozen years, but at one time it included Dudley Burford (now of Pine Bluff) and Mrs. Burford (deceased), Mr. and Mrs. Orrie Reed (both deceased), Mr. and Mrs. N. W. Denty (now of Arkadelphia), Mr. and Mrs. Frank Ward (both deceased), Ralph Roulton (deceased) and Mrs. Roulton, Mr. and Mrs. Leo Robbins and T. S. McDavitt (deceased).

Today those who belong to the Emanuel Club are: Mrs. T. S. McDavitt, Mr. and Mrs. Roy Anderson, Mr. and Mrs. Nick Jewell, Mr. and Mrs. Carter Johnson, Mr. and Mrs. Robert Wilson and Mr. and Mrs. Terrell Cornelius.

to U. S. Okayed New Soviet Envoy

WASHINGTON (AP)—A top-ranking economic negotiator, Mikhail A. Menshikov, has been accepted as the new Russian ambassador to the United States.

Diplomatic officials said the State Department formally notified the Soviet government that Menshikov was acceptable after considering the nomination for two weeks.

Arnold Mathews to Be Buried Here

Funeral services for Arnold Mathews of Little Rock, formerly of Hope, will be held at North Little Rock at 10 a. m. The body will be returned to Hope for graveside services and burial at 3 p. m. Saturday, at Oak Grove Cemetery, 8 miles Southeast of Hope.

U. S. Keeping Mark-Time Policy at L. R.

WASHINGTON (AP)—A top official said today the Justice Department plans to continue its mark-time policy as to possible federal prosecutions for violence at Little Rock's Central High School last September.

The outbreak occurred in conjunction with attempts of the local school board to integrate the high school racially. Nine Negro pupils subsequently gained admission to the school under protection of federal troops. Federalized National Guardsmen still are on duty there.

Asst. Atty. Gen. William White, head of the department's new civil rights division, said there was no intention at this time of seeking indictments.

"The primary interest of the Department of Justice is in seeing that the situation resolves itself by the growth of mutual understanding. We do not feel that prosecutions at this time would aid the situation," he said.

Prison Escapee Is Recaptured

LITTLE ROCK (AP)—State Police have caught up with Willie Fisher Jones, a 24-year-old Negro convict whose gift of gab enabled him to slip away from Cummins State Prison Farm last Monday.

Jones was captured by Sate Police on a Little Rock street yesterday.

Officers at Cummins said Jones escaped by telling guards he was going to work as a substitute for a convict on furlough.

Budget Sum Virtually Decided

WASHINGTON (AP)—President Eisenhower's new budget—reportedly about 74 billion dollars—was described as virtually decided after a discussion of it today at a Cabinet meeting.

White House press secretary James C. Hagerty so tabbed it in reporting to newsmen on the Cabinet session.

The budget is for the fiscal year beginning next July 1. It is scheduled for presentation to Congress Jan. 13.

Eisenhower and his Cabinet, Hagerty said, also went over the latest draft of the State of the Union message which the President will deliver to Congress in person Jan. 8.

Funeral for Victims of Auto Wreck

EUREKA, S.D. (AP)—This farming community of 1,375 today arranged funeral services for nine persons killed in a head-on auto crash.

The entire town was struck by the tragedy.

People talked in hushed tones. They gathered in somber groups at the north end of Main Street to look at two battered hunks of metal that had been automobiles.

The cars collided about midnight Wednesday.

Six of the victims were members of the Walter Beck family, including Beck, his wife and four of their seven children. The other three were teenagers, two of them high school students.

Mrs. Beck, 42, was five months pregnant.

At the local hospital, two of the surviving Beck children, step, unaware that their parents and brothers and sisters were dead.

Wilbert, 16, had a compound leg fracture and lacerations of the head. His sister Mary, 9, had a fractured leg and bruises.

The seventh Beck child is now Mrs. Marvin A. Rohrbach, who lives at Altus, Okla.

Authorities said Wilbert and Mary apparently were asleep in the back seat of the car when the crash occurred 3½ miles west of here.

To the Rev. T. R. Baudier of the Zion Lutheran Church fell the duty of arranging the burial of seven of the victims. The Becks were members of his congregation as was Larry Wiedmeier, 15, a passenger in one of the cars.

A mass funeral for the Becks and the Wiedmeier boy was planned for 2 p. m. Monday in the local auditorium. "We couldn't get seven caskets into the church," Mr. Baudier said.

Services for Clyde Krein, 10, were set for tomorrow afternoon in the Congregation church. Marvin Neuharth, 18, driver of the car in which Krein and Wiedmeier were riding, will be buried Sunday after services in the Reformed church.

To Ask for Space Committee

WASHINGTON (AP)—Rep. Overton Brooks (D-La.) said today he will ask Congress to create a House-Senate committee to have jurisdiction over space matters.

Brooks, senior member of the House Armed Services Committee, proposed that the joint committee be made up of seven House and seven Senate members with no more than four members from each of the same political party.

Brooks also renewed his call for appointment of an executive branch czar to head U. S. missile and satellite work.

He said President Eisenhower's special science adviser, Dr. James R. Killian, has been clothed with no authority whatsoever.

Bitter Cold Has Firm Grip on Most of Nation

By THE ASSOCIATED PRESS

Bitter cold maintained a firm grip on much of the nation's Eastern half today, but the prolonged chill—sharpest of the young season—eased its hold on the Northern Plains.

Snow flurries persisted near the southeastern shores of the Great Lakes, although amounts were light and Friday's heavy snow depths remained unchanged.

Light rain or drizzle dampened portions of Texas and New Mexico.

Elsewhere, the nation had mostly fair weather.

Southerly winds carrying 40-degree temperatures fanned the Great Plains. However, below zero temperatures were reported for the third straight night at many points in Wisconsin and Michigan and in northern New England.

The mercury settled into the 30s as far south as northern Florida, while readings in the 50s prevailed in southeastern Florida and southern Texas and in southern California.

Skies cleared in southeastern Florida where gale winds pounded many areas Friday and dumped as much as two inches of rain on Miami and Fort Lauderdale. Winds, which caused an estimated \$35,000 damage at Miami, subsided, although gusts exceeding 30 m.p.h. continued at Key West during the night.

Snowfall in the Northeast Friday ranged up to 20 inches in parts of western New York State near Lake Erie, and a 20-inch blanket covered Oswego County, N.Y., along Lake Ontario.

Eric, Pa., recorded 10 inches of snow. Some sections of Cleveland Heights, Ohio, measured one foot of snow, while Syracuse, N.Y., had 5 inches and South Bend, Ind., 7 inches.

Occasional rain was expected to diminish in the Southwest and spread across the Southern Plains and into the Lower Mississippi Valley. Some freezing rain or snow was forecast for the northern edge of the precipitation area.

More snow flurries were on deck for the southeastern shores of the Great Lakes, particularly in New York and Pennsylvania. While fair and cold weather continued along most of the Atlantic Coast states, a warning trend was in prospect for most of the Mississippi Valley.

Generally fair weather was forecast for the Northwest and eastward to the Great Lakes except for some rain along the Northern Pacific Coast and a few more snow flurries in parts of the Northern Rockies.

Man Killed, Girl Beset by Remorse

MT. VERNON, N.Y. (AP)—Seized with remorse after she wrecked a stolen car, killing a man in another vehicle, 16-year-old Christine Nystrom has sent a letter to the dead man's widow and son, her parents said today.

"Dear Mrs. Sperling and Richard:

"My heart is broken when I think of what great sorrow I have caused your family through the loss of your loved one.

"I only wish I could have been me, instead of her, who died. May God ease your burden of sorrow at this time.

"I pray God be with us all. Love,

"Christine Nystrom."

Christine, an honor student in high school, was fleeing from police Monday in a stolen car when it crashed into a sports car on the Hutchinson River Parkway, killing Richard Sperling, of Newtown, Conn.

His son, Richard Jr., is 12. The girl has been freed in \$7,500 bail on charges of vehicular homicide and grand larceny, awaiting a court hearing next Wednesday.

Her father, Fred, a machine parts dealer, said: "Nothing she has ever done before can explain this."

"Our minister prayed with Christine this morning. She broke down crying, holding her head in her hand."

Former Resident of McCoskill Dies

Mrs. Gerald Wilson, aged 52, died Thursday at her home in San Diego, Calif. She was the former Lulu Wardlaw of McCoskill. Survivors include her father, Bob Wardlaw of Blevins and a brother, Wilton Wardlaw of Lake Charles, La. Funeral arrangements are incomplete but will be held in California.

RELIEVED—Mrs. Ekaterina Furseva, the first and only woman to achieve a prominent position in the Soviet hierarchy, has been relieved of her duties with the Moscow City party committee. The announcement, made in Moscow, said she had been transferred to permanent work as a secretary of the (party) central committee. A large, comely woman, she is the wife of N. P. Fryulin, Soviet ambassador to Yugoslavia.

Venezuela Dictator Keeps Power

By THE ASSOCIATED PRESS

Gen. Marcos Perez Jimenez, fighting to retain the presidency of Venezuela, rose to power nine years ago in a power vacuum created by long-time political chaos in his oil-rich tropical country.

Since then he has worked tirelessly to strengthen his regime and to give it the veneer of legitimacy. Virtually the only concession to democracy made by the retired, 42-year-old dictator has been his insistence on going through the motions. Less than three weeks ago Venezuela voters were given a choice in a national referendum years or no one.

The polls were hardly closed when the government announced that the President had won a resounding victory.

Born in the Andes village of Michelena April 25, 1914, he is the son of a schoolteacher who also farmed and sometimes ran a small business.

As an artillery officer he attended Venezuelan military schools and took a key part in the army general staff in 1941. The next year, he had a major part in the revolution which overthrew President Isaias Medina Angarita.

Political chaos continued, and in 1948 President Rómulo Gallegos was ousted. Perez Jimenez, as defense minister, was the leading figure in the new military junta.

The chaos continued. Acting President Delgado Chalbaud was assassinated two years later. But the junta retained control, and Perez Jimenez, at 30, became president in March 1952.

Uninterested in showmanship and bombast, he did little to stir Venezuelans' imaginations. Instead, he concentrated on consolidating his power and increasing his booming country's economic development.

Venezuela's Constituent Assembly approved a new constitution in 1953, and the National Assembly formally elected Perez Jimenez to a five-year presidential term. There was no popular vote.

Appointments Made by Judge Lemley

LITTLE ROCK (AP)—Two Helena men have been appointed to the Committee on Admissions for the Eastern Division of Federal court of the Eastern District of Arkansas.

They are George K. Craggart Jr., and Municipal Judge Douglas S. Hester.

The appointments were made by U. S. District Judge Harry J. Lemley of Hope.

Publication Is Halted by Strike

PEORIA, Ill. (AP)—Publication of morning and evening editions of the Peoria Journal Star was halted today by a strike of American Newspaper Guild members, leaving this north central Illinois city of 115,000 without daily newspaper service.

Guild employees went on strike at 2:30 p. m. yesterday, in a contract negotiating stalemate over sick leave policy.

Members of other unions declined to cross a picket line of the A. N. G. Advertising and other office employees of the company, the Peoria Journal Star, Inc., went to their jobs today without incident.

About 2,000 copies of the morning edition were printed last night, but the press run was cut after truck drivers refused to handle the edition.

Anti-Communist Mutiny Reported in E. Germany

BERLIN (AP)—A Russian emigre organization today relayed unconfirmed reports that Soviet troops in East Germany recently staged an anti-communist mutiny.

The National Alliance of Solidarity (NTS), which has been conducting a propaganda campaign for the overthrow of the Soviet regime, said it has heard that four Soviet officers and soldiers escaped in West Berlin after the mutiny. They are now believed to be in West Germany, an NTS spokesman said.

British officials in allied-occupied West Berlin announced Thursday that a Russian sergeant escaped to West Berlin Thursday in an apparent search for deserters but were withdrawn that night.

The spokesman said NTS had varied reports on a supposed mutiny at a Soviet army camp near Falkenberg, about 30 miles north-east of Berlin. One said that six officers and a number of soldiers escaped from the camp. He said the reports, still unconfirmed, "came from our own sources."

Allied and German sources had no information on a mutiny. West German diplomats have speculated that Soviet troops who attempted to desert to the West did so inspired by New Year's vodka.

Meanwhile, Hamburg's tabloid Bildzeitung said seven Soviet soldiers were shot down yesterday by East German border police while attempting to flee into West Germany near the border town of Kolln. Border police were unable to confirm the report.

Navy Seeking First Nuclear Powered Plane

NEW YORK (AP)—The Navy is proposing that the United States first nuclear-powered airplane be a seaplane, the New York Times said today.

In a Washington dispatch, the Times said the Navy outlined its proposal yesterday at a high-level meeting in the office of Deputy Secretary of Defense Donald A. Quigley.

The Times story continued: "The meeting was called to discuss plans for nuclear-powered planes and whether to speed the development schedule by placing an atomic power plant in an existing airplane."

High officials of the Navy, Air Force and the Atomic Energy Commission attended. No final decision was reached. It was understood.

A note of interservice competition was thus added to the Defense Department's forthcoming decision establishing a firm plan for flying the first nuclear-powered plane.

The Navy proposes adapting existing seaplanes for nuclear power in a joint project with the Air Force. The plane, the Navy says, would be valuable for anti-submarine warfare, for patrol work and for early radar warning of an enemy attack.

The Air Force has favored a supersonic nuclear bomber that would fly faster than 700 miles an hour.

Gas Firm Buys Another Company

LITTLE ROCK (AP)—Arkansas Louisiana Gas Co. has announced the purchase of Pitts & Bryant Co., Inc., of Clarksville and Lafayette, La.

The pipeline and utility construction firm will be operated as an Ark La subsidiary.

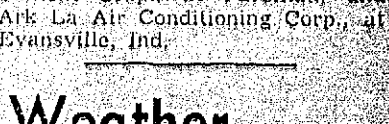

The acquisition, announced yesterday, gives the gas utility its third wholly owned subsidiary. Ark La also owns the Arkansas Cement Corp., at Foreman, and Ark La Air Conditioning Corp., at Evansville, Ind.

Weather

Arkansas—Increasing cloudiness and a little warmer. Occasional rain Sunday.

LITTLE LIZ

After you've made a fool of yourself the best thing to do is hope that nobody realized you were sober.

OILSKINS—Long and narrow plastic containers, made by a Hanover, Germany, plastics firm, are shown being tested in the harbor at Hamburg as a possible replacement for tankers in the hauling of crude oil. Almost 100 feet long, the plastic carriers are designed to be towed by sea-going tugs while filled with 20,000 tons of oil. When emptied, they can be folded and stored in a comparatively small cargo area.

SIR WINSTON'S WORK—Harry Frumess, a U.S. Customs appraiser at New York's Idlewild Airport, inspects one of 35 paintings by Sir Winston Churchill scheduled to be placed on exhibit in America for the first time. After the inspection, the paintings were reshipped to Kansas City, Mo., to J. C. Hall, who arranged the U.S. tour of the famous amateur's work. The first exhibition opens in Kansas City in January, later the paintings will be shown at New York's Metropolitan Museum of Art.

Name your favorite brand of...

Trusted products are sound investments

The brand names you have selected are sound investments because you know these products measure up to a specified standard of performance and are of known quality of construction and materials.

In advertising, the Audit Bureau of Circulations provides a trusted standard of value for newspaper circulation. This newspaper holds membership in A.B.C. so you may have the FACTS about the circulation of your sales messages when you advertise with us.

With this assurance, you can be confident that placing your sales message in the advertising columns of our paper is a sound business investment.

Ask us for a copy of our latest A.B.C. report.

This newspaper is a member of the Audit Bureau of Circulations, a non-profit organization that audits and certifies the circulation of newspapers. Our circulation is audited by experienced A.B.C. circulation auditors. Our A.B.C. report shows how much circulation we have, where it goes, how obtained, and other facts that tell advertisers what they get for their money when they use this paper.

REPORT

ABC

WHAT MAKES HIM TICK?—Jimmy Rogers, 5, holds his brother, Kenneth, 2, as another brother, Dennis, 4, listens in to determine what makes Kenneth tick. The tucker is mother's watch, which Kenneth casually announced he swallowed when he should have been napping in his Detroit Michigan home. He thoughtfully removed the band and case before sampling the tucker. Doctors have put him under observation.

Notice

The United Daughters of the Confederacy will have their next meeting January 16, 1958.

Clubs

Centerville The December meeting of the Centerville Home Demonstration Club met in the home of Mrs. Vernie Goyne for the Christmas party.

The meeting was opened with the following girls singing Christmas carols: Patricia Goyne, Janice Harper, Marjorie Waddle, Judy

Walker and Carolyn Beck. The devotion was given by Patricia Goyne and Janice Harper reciting the "Story of Jesus," followed by each one joining hands and repeating the Lords Prayer.

During the short business session the members drew for secret pals for 1958.

Seventeen members answered roll call with "What I want most for Christmas." Games were enjoyed, led by Mrs. R. C. Shellgrove and Mrs. W. C. Beck.

Gifts were exchanged from a beautifully lighted tree. The hostess served cake and coffee to 17 members, 14 children and 4 guests Mrs. H. T. Faught, Mrs. Lula Foster, Mrs. Audrey Goyne and Miss Muriene Faught meeting will be with Mrs. D. M. Collier.

Mr. and Mrs. I. H. Beauchamp Celebrate 65th Anniversary On Wednesday, Jan. 8, 1958, Mr. and Mrs. I. H. Beauchamp will observe their sixty-fifth wedding anniversary. While neither of them were born in Arkansas, both came to this state at an early age and settled in the Rocky Mount Community in Hempstead County, near

Hope. It was here they were married in 1893 and made their home in this community for nearly 19 years of their married life. In 1911 they moved to Blevins and have resided at one homestead in this village for slightly more than forty six years.

Over the years Mr. Beauchamp has been quite active in religious and civic affairs in the community. For 16 years he served as mayor of the city of Blevins, for 14 years he was a justice of the peace of Wallaceburg township and for 30 consecutive years he was superintendent of the Methodist Sunday School in Blevins.

Mr. Beauchamp will be 37 years of age March 4, 1958 while Mrs. Beauchamp became 84 on October 2, 1957. Of six children that were born to them only three remain. These are Elroy Beauchamp of Texarkana; Miss Bess Beauchamp of Nashville, Tenn.; and Mrs. William J. Whiteside of Blevins. The day will be observed at home with relatives who are available for the noon day meal. Mr. and Mrs. Beauchamp will then gladly receive such friends as may desire to offer them the felicitations of the occasion during the afternoon.

Hospital Notes

Memorial Admitted: Mrs. Kenneth Renfro, Mrs. Edmond B. Smith, Texarkana Texas, Mrs. Lou Byers, Hope; Thomas Lafferty, North Little Rock.

Mr. and Mrs. Edmond B. Smith of Texarkana, Texas, announce the arrival of a baby boy, Jan. 2, 1958.

Branch Admitted: Mrs. M. P. Nichols, Roton. Discharged: Mrs. E. J. Borderlon, Hope; Mrs. Hiram Lemley, Hope; Dick Davis, Hope.

Stormy Opera Star Fails to Finish, Jeered

By STAN CARTER ROME (AP) — A opera world's stormiest prima donna, soprano Maria Maneghini Callas, fled in tears through an underground passageway early today as 1,000 irate music fans jeered her quitting midway through the opening night of the Rome Opera.

The glittering first night was ruined when the fiery New York born star said she had lost her voice and could not continue after the first act of Bellini's "Norma." It was the first time in the Rome Opera's history that a performance was not completed.

Riot police stood by as demonstrators gathered outside the Teatro dell'Opera after the manager called off the rest of the performance. Miss Callas avoided the crowd by escaping through an underground passage to her hotel, nearby.

The 34-year-old singer spit wearily in her hotel apartment later and sobbed that he had been ill for days and could not possibly have completed the opera.

She said she hoped to make it up to the public by singing "Norma" Saturday night, when last night's tickets will be honored.

But in Naples another soprano, Anile Cerquetti, said the Rome management had wired her a request to fill the role Saturday.

Miss Cerquetti said she accepted. Last night's conductor, Gabriele Santini, said the singer "informed us yesterday the condition of her voice was not good. However, we advised Miss Callas to face the performance all the same because it would have been impossible to find a substitute for her."

Miss Callas has left a lengthy instruction that she made her contract dispute and last-minute

Births

Births in Hempstead County during the past month:

Mr. and Mrs. Thomas Dale Ward, boy, Tommie Ray Ward, 224 Ben-hel Drive, Magnolia, Ark.

Mr. and Mrs. Carree Coleman, boy, Clifford Neal Coleman, Rt. 1, Patmos, Ark.

High Gas ressure Causes Several Fires

KOKOMO, Ind. (AP) — High gas pressure early today in mains in southeast Kokomo, caused by a main valve sucking in an open position, resulted in one home being destroyed by fire and explosion and in fires in several other homes. Numerous furnaces and water heaters were damaged, police said.

The mains in the area were shut off at 3 a.m. Police went from door to door warning residents to turn off their pilot lights. Radio station WIOU broadcast repeated warnings.

The Kokomo Gas Co., repaired the valve and the gas was turned back on at 2:30 a.m.

Mr. and Mrs. Lloyd Sedgwick and their four children barely escaped from their burning home before it blew up. Sedgwick was going out the front door with 1½-year-old Philip in his arms when the explosion occurred. The heat on the boy's head was so intense that Sedgwick suffered slight burns.

The area involved covered 85 square blocks.

Cancellations of performances since she soared to the musical top after World War II. Critics have noted in recent months that her highest tones have sounded increasingly shrill and faded.

Her cancellations for recent "indisposition" have become more frequent.

Norma is one of the most difficult and sopranos roles in opera and one

in 1957, she sang Norma in China and returned in 1958.

Engagement Is Announced

Miss Gale Hussman

Mr. and Mrs. Walter E. Hussman of Camden, Ark., have announced the engagement of their daughter, Gale, to Richard S. Arnold, son of Richard L. Arnold, Texarkana, Ark., attorney and of the late Mrs. Arnold.

Mr. Hussman is the publisher of several south Arkansas daily newspapers.

The marriage will take place in the summer of 1958.

Miss Hussman, a graduate of the Camden High School and of Stephens College in Columbia, Mo., is a senior student at Washington University in St. Louis, Mo.

She is the granddaughter of Mrs. C. E. Palmer of Texarkana, Texas and the late Mr. Palmer, and of Mrs. W. J. Hussman of St. Louis, and the late Mr. Hussman.

Mr. Arnold was graduated from the Phillips Exeter Academy in Exeter, New Hampshire, and from Yale College, where he was a member of Phi Beta Kappa. He is now a first year student at the Law School of Harvard University.

He is the grandson of Mrs. W. H. Arnold, of Texarkana, Ark., and the late Mr. Arnold, and of Mrs. Tom Connolly of Washington, D. C. and the late United States Senator Morris Sheppard (D-Tex.).

Scientist Would Keep U. S. Informed

By LEWIS GULICK

WASHINGTON (AP) — A leading American scientist said today keeping the country informed on foreign scientific advances is only one of the benefits of having scientists attached to U.S. embassies abroad.

Dr. Lloyd V. Berkner, president of Associated Universities, Inc., said even greater values stem from scientists' ability to promote scientific exchange and to advise ambassadors on policy matters where science plays a role.

Berkner added in an interview that he was certainly delighted by yesterday's disclosure that the State Department plans to revive a practice of placing science attaches in important overseas posts.

Officials outlined a \$200,000 program for appointment of perhaps a dozen of the science diplomats to places like London, Bonn, Paris, Stockholm, Tokyo, New Delhi, Beirut, a couple of Latin American capitals, and in a Moscow.

These officials said money for the revived program would be included in President Eisenhower's new budget request.

The plans came to light after the House Government Information subcommittee released a letter by Chairman Moss (D-Calif.) asking Secretary of State Dulles what the State Department had done about the committee's 1956 recommendation that the science attaches system be revived.

A subcommittee spokesman said today that after the program gets going again, the House group will ask various scientists, including Berkner, to assess its effectiveness.

Berkner, as a State Department consultant in 1950, headed a committee whose report paved the way for appointment of science attaches in following years up through 1953. The program then died out for want of funds and personnel.

FIRST TO CHINA The first American ship to sail from the United States direct to China was the 30-ton sloop "Experiment," which sailed from Albany, N.Y., in 1792.

LORD NELSON'S FLEET At the battle of Trafalgar in 1805, Admiral Lord Nelson's entire command consisted of 22 British ships, which met and defeated a combined French and Spanish fleet of 33 ships.

Mental Care Expenses Can Be Deducted

WASHINGTON (AP) — A ruling that special training and care for the mentally and physically handicapped are deductible as a medical expense on income tax returns today was made formal by the Internal Revenue Service.

The IRS bulletin said the deductible costs may include board and lodging in an institution other than a hospital if the person is there because medical care or special schooling is available.

Medical care includes the entire cost of institutional care for a person who is mentally ill and unsafe when left alone, the bulletin said.

This has been the government's position since September 1956 when Rep. Gary (D-Va.) obtained and announced the ruling. But until now it had not been incorporated officially in the tax regulations.

The regulation permits deduction for costs of instruction in Braille and in lip-reading for the blind or deaf.

IRS emphasized that if the availability of medical care is not a principal reason for a person's presence in an institution, the tax deduction covers only the portion of the cost of institutional care which is attributable to medical care.

For example, if a person was in a home for the aged for personal or family reasons and not because he needed medical or nursing attention, meals and lodging would not be deductible for tax purposes.

Jury Will Try to Probe Gang Meeting

By HARVEY TRAVIS

OWEGO, N. Y. (AP) — Farmers and small-town merchants dominated a grand jury chosen today to try to crack the secret of a big gangland convention held at nearby Apalachin.

The 23-member panel was chosen to press a new and lengthy search for the answer to this question: Why did 60 mobsters and their pals — from nine states and Cuba — gather at Joseph Barbara's hilltop mansion Nov. 14 for the meeting state police broke up.

Twenty-four of the Apalachin delegates have been subpoenaed for the grand jury but they may not begin their parade to the stand until about Jan. 14. Another court session is taxing the small, 65-year-old Tioga county courthouse.

Twelve farmers and five merchants from this rural area near the Pennsylvania line were picked for the panel. The other members are two laborers, a mechanic, a machinist, a shoe worker and a railroad clerk.

Believes Soviets Have 3 Atom Subs

STOCKHOLM (AP) — Soviet Russia probably already has three atomic submarines, the Swedish naval yearbook Marinikalendar said today.

The 1958 year book, issued today, suggested two may be in the Baltic Sea and the other in the Far East.

It gave no details. The Marinikalendar estimated the total of Soviet submarines at "more than 400."

Because of their geographical proximity to Soviet navy bases in the Baltic, Swedish naval experts are often ahead of others with information on Soviet naval power.

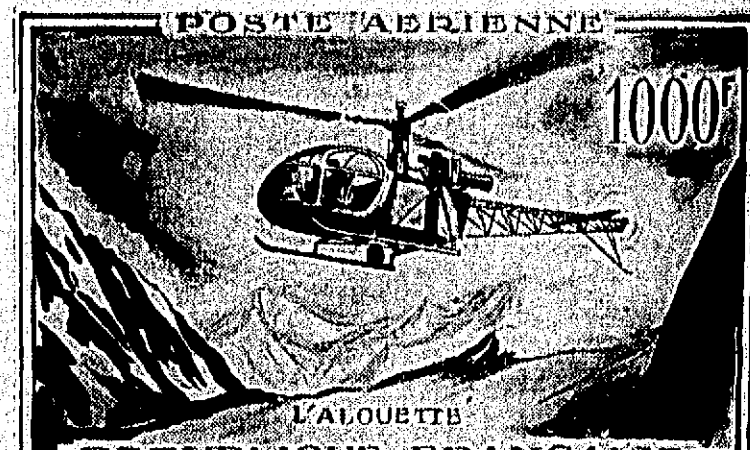

Britain's leading publication on naval power, Jane's Fighting Ships said in its recently published 1957-1958 edition, that the Soviet Union "is pressing the development of the atomic-powered submarine."

But Jane's pictured the United States as the only naval power with atomic submarines in commission.

The engineer said the truck, driven by Jordan and loaded with soybeans, was traveling about 35 miles an hour when the train hit it at a crossing.

SOCKS ALIVE!—The washing chore being performed by Brenda Sue Redding, 8, left, and her sister Gloria, 7, gives these pups a lightheaded look in Houston, Tex. The 10 Irish setter puppies don't seem to approve of the stocking feat.

AIRMAIL—Soon to be issued is a 1,000 franc airmail stamp featuring a representation of a new French helicopter called the "Alouette." The French Post Office will put the new stamp on sale in January, 1958.

Good resolution for the beginning of the year, centers around a streamlined figure. This girl uses a folded Terry towel as a massage strap to tighten up flabby flesh. She lathered her legs with soapsuds before starting.

Man Killed When Hit by Train

NEWPORT, Ark. (AP) — A collision involving a freight train and a pickup truck here yesterday killed W. C. Jordan, 60, a farmer of the nearby Jacksonport Community.

The engineer said the truck, driven by Jordan and loaded with soybeans, was traveling about 35 miles an hour when the train hit it at a crossing.

New Respiratory Disease Spreads

WASHINGTON (AP) — An estimate of 2,742,000 new cases of acute upper respiratory diseases which kept people in bed one or more days occurred during the week ended Dec. 7, the Public Health Service reported today.

This was an increase from the revised estimate of 2,376,000 new cases during the preceding week, making it the first week since mid-October in which there was no decline.

The service said the difference small enough to be attributable to chance in the selection of the samples in the study made by the U.S. National Health Survey.

The service also said the fact there was no further decline suggests that the number of new bed cases may now be back to normal winter levels.

The number of estimated new bed cases reached 1,033,000 during the week ended Oct. 9, when the Asian flu epidemic apparently hit its peak.

LEGAL NOTICE

A. D. Brown has filed application with the City Clerk, City of Hope, to build a service station on the west half of the south half of Lot 1, Block 17, Brookwood Addition and on lot 3, Block 4, Beard's Addition (East Third Street). Public hearing will be held at the City Hall at the regular meeting of the Board of Directors, January 6, 7:30 p.m.

MRS. CHAS. REYNOLSON City Clerk

Dec. 30, Jan 4th.

When to Fish or Hunt

SOLUNAR TABLES
by John Alden Knight

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during those times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration.

	A. M.	P. M.
Day	Minor Major Minor Major	
Sunday	5:10 11:25	5:40 11:50
Monday	6:10 —	6:35 12:20
Tuesday	7:05 12:45	7:25 1:10
Wednesday	7:55 1:35	8:15 2:00
Thursday	8:45 2:25	9:05 2:50
Friday	9:35 3:15	9:55 3:40
Saturday	10:25 4:05	10:45 4:30
Sunday	11:15 4:55	11:35 5:20

Hillary's companions are Murray Ellis, Peter Mulgrew, Jim Bates and Derek Wright.

Hillary's party followed much of the 1,200-mile route of Capt. Robert P. Scott of the British navy, who raced Ronald Amundsen of Norway for the pole in the arctic summer of 1911-12.

Amundsen won by a month, becoming the discoverer of the South Pole. Scott's five-man party perished on the way back to the coast at McMurdo Sound.

Hillary set out Oct. 14 from Scott base, his camp near McMurdo Sound. His original destination was a point 700 miles inland.

Traveling by snow tractors, Hillary's expedition deposited caches of food and fuel for a British party led by Dr. Vivian Fuchs which is pushing toward the pole from the opposite side of Antarctica.

Scott's South American Fuchs is trying to make the first overland transantarctic trip, hoping to end up at Scott base.

Hillary was to wait for Fuchs at the 700-mile point. But on Christmas Day he decided that he was waiting for the South Pole. God willing and crevasses permitting.

Fuchs was last reported about 300 miles from the pole.

Find You Can't Fight City Hall

By HUGH FULLERTON JR.
PHILADELPHIA — After a decade of negotiations, college baseball leaders have about decided you can't fight city hall — or the big leagues.

This was learned today as officials of the American Assn. of College Baseball Coaches opened a weeklong series of meetings.

The baseball coaches showed an inclination to retreat from the aggressive stand they took a year ago. The National Collegiate Athletic Assn., which set up a committee to study college-pro relations after receiving strongly worded recommendations from the baseball coaches, has virtually broken off negotiations with the major leagues.

The principal cause of contention is that professional clubs have persisted in signing college players before their eligibility has been used up. An agreement that no college player could be signed after the start of his sophomore year was voided by the majors last year and recently they tossed out the controversial bonus rule.

A wave of new signings followed. The college coaches insist this is short-sighted, cutting off the development of major league material, and is akin to the television invasion of territory which has hurt minor league baseball.

"It is a strange situation because we really are bigger than they are — in numbers of players and in our investment in baseball facilities," said Everett (Eppy) Barnes, former AACBCB president and a leader of the opposition to the majors.

"We think they are hurting themselves in cutting off the supply of major league material, but about all we can do is to undertake an educational program."

Other AACBCB officials indicated that last year's program had failed because too many coaches refused to go along with it. They preferred to take the few dollars that they could get for scouting and recommending a good prospect.

British Party Reaches the South Pole

AUCKLAND — Sir Edmund Hillary, first man to conquer Mt. Everest, the highest point on earth, today reached the South Pole, at the bottom of the world.

He radioed the dramatic news to Scott base, the Ross Sea point from which he and his party set out Oct. 15.

After more than 1,200 miles across the antarctic continent, Hillary radioed that he and his tractor party of four other New Zealanders had arrived at the pole with only one drum of gasoline to spare.

"We were cutting it rather fine due to the very soft snow," he reported.

Hillary and four other New Zealanders are the third group of explorers in history to reach the pole overland and the first in 46 years. Other visitors to the bottom of the world have gone by air.

The five New Zealanders joined 17 Americans stationed at the International Geophysical Year base at Scott base, which has established there.

Hillary's companions are Murray Ellis, Peter Mulgrew, Jim Bates and Derek Wright.

Hillary's party followed much of the 1,200-mile route of Capt. Robert P. Scott of the British navy, who raced Ronald Amundsen of Norway for the pole in the arctic summer of 1911-12.

Amundsen won by a month, becoming the discoverer of the South Pole. Scott's five-man party perished on the way back to the coast at McMurdo Sound.

Hillary set out Oct. 14 from Scott base, his camp near McMurdo Sound. His original destination was a point 700 miles inland.

Broyles Trying to Hire LSU's McClendon

BATON ROUGE, La. — Charles McClendon, chief assistant to Louisiana State University football coach Paul Dietzel, said today he had been "contacted" by the University of Arkansas.

Arkansas recently hired Frank Broyles away from Missouri as head coach to replace Jack Mitchell after he moved to Kansas.

"Broyles still hasn't completed his coaching staff," McClendon told a reporter. "My job would be the same as it is

BROKEN VOWS

A Vow Is A Serious Thing

Our promise and your performance
reveal the quality of your soul.

A promise will make a friend but performance will keep him. Are you keeping your marriage vows, your vows to your church or synagog? When you make vows to God, do you keep them or do you go AWOL on Him? "When thou shalt vow a vow unto the Lord thy God, thou shalt not slack to pay it, for the Lord thy God will surely require it of thee." Faithful performance of good vows strengthens character, honors God and makes a better citizen.
